

ORAL PRESENTATION (PhD AWARD) GUIDELINES

Dear Presenter,

We are pleased to inform you that your abstract has been accepted as **ORAL PRESENTATION (PhD AWARD)** competing for the Karolinska Institutet Medical Management Center (MMC) & EHMA Research Award at the European Health Management Conference 2025. Congratulations!

Oral presentation (PhD Award) guidelines

The points below may help you with the preparation of your presentation:

- You will be presenting your research alongside 5 other presenters. **The time is strictly 8 minutes per presentation.**
- You can complement your presentation with slides. **Presentations should be preferably prepared in PowerPoint**, but other formats can be accommodated. EHMA will provide you with an EHMA 2025 branded template. You are welcome to add your organisation's logo and personalise it at your convenience, or you can use your own slide deck.
- To ensure the smooth running of your session, we ask you to **send your presentation by Wednesday, 14 May 2025** to conference@ehma.org. If you need more time, please let us know. If you make substantial changes in your presentation from the version you sent to us, please notify us via email or, as last resource only, on the spot at the registration desk.
- On the days of the conference, please have your presentation available on a USB pen and accessible without WiFi.
- We advise you to ensure that graphics, written or tabular material must be of adequate size to be clearly visible.
- A Q&A session will take place at the end of the session after all presentations have been delivered. We will put you in touch with the moderator of your session to discuss the order of the presentations and the questions that will be raised during the Q&A session.
- The best paper will be announced and awarded the €1.000 prize during the Closing ceremony on Friday, 6 June from 16.45 to 17.30.

If we do not receive confirmation of your participation through your registration, your name will not be included in the conference programme and your abstracts will not be published in the Conference Abstracts' Book.

If you wish to withdraw your work, please email us immediately at conference@ehma.org.

2. PRESENTING AUTHOR

Only the PhD candidate or recent graduate can present the research, not their supervisors.
