NEXT STEPS

1. CONFIRM YOUR ACCEPTANCE BY REGISTERING

Authors/presenters whose submissions have been accepted must confirm their participation by [registering to the Conference](#) by **Monday, 13 April 2026**.

Please note that submitting an abstract does not automatically register you for the conference and that presenters are not exempt from the payment of the registration fee. Presenters are also responsible to cover for their travel and accommodation costs.

If we do not receive confirmation of your participation through your registration, your name will not be included in the conference programme, and your abstract will not be published in the Conference Abstracts' Book.

Your registration is transferable at any time. If you register but are unable to attend and wish for a colleague to present on your behalf, this is possible. We ask you to please let us know as soon as possible in writing at conference@ehma.org (please see point 2 – Presenting author).

If you wish to withdraw your work, please email us immediately at conference@ehma.org.

2. PRESENTING AUTHOR

At the time of submission, you have been indicated as the presenting author. If this has changed, if there is a mistake in our records, or if you are unable to attend, the presenter can be changed. Please notify us in writing at conference@ehma.org and let us know who the presenter will be indicating the Full name, Email and Phone number of the new presenter.

After the conference, only the presenting author will receive a presentation certificate, therefore this information must be correct.

Please note that up to two presenters can present the same paper within the same slot.
